The Connect Promotional Rebate set out in the table above is available on the following terms with the aim of providing new connections to FTTB Wholesale's network for all direct and indirect End Users of a Customer who are currently unconnected:

1. The Connect Promotional Rebate, which is available for the FTTB Smart Plan and FTTB Freedom Plan for new connections on the following terms:
  - a) Customers may only claim the Connect Promotional Rebate in relation to the new connection of direct or indirect End Users to FTTB Wholesale's eligible services. In other words, a Customer may claim a rebate from FTTB Wholesale for the connection of a Customer's direct or indirect End User who is not connected to FTTB Wholesale's services at the time of submitting the connection request.
  - b) By submitting requests for Connect Promotional Rebates, Customers represent and warrant to FTTB Wholesale that the direct or indirect End User is not currently connected to FTTB Wholesale's services at the time of submitting the connection request.
  - c) FTTB Wholesale reserves a right to request a reasonable degree of supporting information from the Customer to confirm that the Connect Promotional Rebate is only being claimed in relation to genuine new End User connections. Any disputes will be resolved in accordance with the Dispute Resolution provisions of the FTTB Wholesale Service Agreement.
2. A Local Access Line service which is eligible for the Connect Promotional Rebate at the time the service is connected will have the Connect Promotional Rebate applied once for the life of the service ie. until the service is disconnected for any reason. Subject to FTTB Wholesale's absolute discretion, if the Local Access Line service is disconnected, the service will not be eligible for the Connect Promotional Rebate upon re-connection.
3. The Connect Promotional Rebate is available for an initial period of 6 months from the effective date of this Price Book. FTTB Wholesale intends to consult in the lead-up to the expiry of this initial period with a view to extending it for further periods if it is successfully delivering the anticipated competition and consumer benefits of providing additional connections to FTTB Wholesale. FTTB Wholesale may extend the duration of the Connect Promotional Rebate beyond this initial period in its absolute discretion.
4. Defined terms used but not defined in this Price Book have the meaning given to them in the FTTB Wholesale Service Agreement available on the Supplier's website at <https://fttbwholesale.com.au/form.php>.
